

## Why does your GROUP need Share Magazine?

Find out where and when nearby conventions are and get a car together to go for the day or - be adventurous and go for a weekend to far flung ones!

Give copies to newcomers with the **Welcome pack** to help them identify and to see AA is all over the country.

### ***Why not buy several January copies to get newcomers going on Step One?***

Use an article as a Chair/Lead share when your invited speaker can't make it at the last minute. Get a different member to share their experience strength and hope with you, through the pages of Share, even if they are hundreds of miles away.

***Do service as a group***, carry the message to your local community by recycling spare copies to prisoners, hospital patients on alcohol / detox wards, leave with GPs for their waiting rooms, along with posters, take it to members who are ill, infirm or immobile.

### ***Remember to remove the centre pages which contain members' personal details.***

**Share doesn't cost the group anything** if you sell all your copies; order one per month to start with to try it out - a bargain at only £12. You can also subscribe to monthly SHARE CDs for the same price.

# Why do YOU need **SHARE** Magazine?

Ever felt like you needed a meeting right now and couldn't get to one? That's why we call Share a *meeting between meetings*.

Do you live in a remote area, or have only one or two meetings near you? Have an AA network of friends sitting on your bookshelf, be part of our wide community.

You can read it anonymously on trains, planes and automobiles when you travel for work and for pleasure, you will not be alone.

Take Share (and AA) on holiday to those beautiful places that are far from any meeting.

Use it to develop your programme of recovery - every month there is a focus on one of the 12 Steps and one of the Traditions - January is Step One, Tradition One. February Step Two, Tradition Two, right through to 12 in December. Its like a Step meeting in your pocket!

You can even write in and *Shareback* with members who write the articles, just like with a chair/lead share in a meeting.

If you are sponsoring, use Share to get an extra viewpoint or two on the Step you are doing right now with that new sponsee.

***Keep your recovery fresh by listening to new people every month.***

Write in and *Pass It On* to other Share readers.
