- 29% have up to 1 Year

Attendance at meetings

61% of members attend 3 or more meetings per week.

- 17% attend 5 or more a week
- 44% attend between 3 & 4
- 37% attend between 1 & 2
- 2% attend less than 1 per week

Alcoholics Anonymous

2005

Membership Survey

At the time the survey was taken there were 3,630 AA Groups in the UK.

From the survey the average number of members per group was calculated to be 9.5

From these figures the total membership of the fellowship can be estimated to be about 34,000

It is on this figure that the statistics used in this pamphlet were based.
